WE ARE FIZZI

Cardiff based **Fizzi Productions Ltd** is an events management service providing quality artists and technical support. We are the crucial link between venues and the specialist technical, support and entertainment staff they require.

We can supply a wide range of covers bands and party bands, originals bands of any genre, individual musicians (whether it's a harpist, pianist or DJ), comedians, comperes, magicians etc for every event. We work with large scale corporate events and music festivals to smaller music venues, pubs, weddings and private parties. We work across the whole of the UK, from Liverpool to London, Bristol to Cardiff, Swansea and Carmarthen and can provide everything any event could require.

We pride ourselves on providing a professional, fair and honourable service to all of our clients.

COMMUNITY EVENT

“

We have been delighted with the work that Fizzi has produced and the fulfilment of our key objectives including the following:

Substantially raising the profile of The Women's Equality Network (14 media pieces including print and broadcast) and the importance of International Women's Day to a wider and more diverse audience.

Creation of diverse events that ensured equality remained the primary focus and was reflected in all aspects of the day.

Well attended events (a footfall of 2,017 in Swansea and 2,590 in Cardiff).

Fulfilling all aspects of project delivery to a high standard and within a very short timeframe.

Excellent value for money.

”

— Melissa Wood, Co-Director

“

“I had the absolute pleasure of attending the International Women’s Day event run by WEN Wales at the Wales Millennium Centre. It was a fantastic opportunity to meet women from all different sectors and see some amazing, thought – provoking performances! The atmosphere at the event was wonderfully diverse and promoted interesting discussions around women’s issues. It was a truly inspirational day!”

– **Louise Button**, Chwarae Teg

“WEN are amazing in their support of IWD, to see and celebrate the diverse and talented community of women in Wales is empowering - an event not to be missed!”

– **Sarah Williams**,
Equality & Diversity consultant and volunteer

“A wonderful event. I left truly inspired and hope to be involved next year”.
